Welcome screens

Contains several lines and pages providing information on calls and the features that can be accessed by pressing the keys associated to the labels on the display (10 keys for 8068/38/39 phones and 6 keys for the 8028/29 phones).

- Menu page: Contains all functions and applications accessible via the keys associated with the words on the screen.
- Perso page: Contains call line keys (allowing supervision of calls) and programmable call keys.
- Info page: Contains information on the telephone and the status of its functions: name, telephone number, number of messages, activation of transfer function, appointment reminder, etc.
- Transfer icon: Pressing the key next to this icon allows you to program or change the transfer function.

Navigation

- OK key: Used to validate your choices and options while programming or configuring
- Left-right navigator: Used to move from one page to another and display information about current calls (call in progress, calls on hold, incoming call).
- Up-down navigator: Used to scroll through the content of a page
- Use this key to go back to the previous step
- Use this key to go back to the homepage (long press)
